

Passport to the World

April 17, 2020

5 PM - 8 PM

Once every three years, the Emerson School community gathers together to celebrate our rich cultural diversity and heritage. This is the year. We will travel the world through the eyes of our peers, learning about their heritage, enjoying entertainment, participating in activities and sampling international cuisine. It sounds exciting for a Friday night, doesn't it?

The focal point of the evening will be visiting the tabletop displays highlighting countries and cultures, with families serving as ambassadors. Children will be provided with a passport for use during their travels.

There is so much we can learn from each other. Every family has a story to share. Please consider sharing yours.

There are many ways to be a part of this wonderful event - create a display (on your own or with others), lend a traditional garment to be displayed, prepare food to share, provide entertainment or some combination of the aforementioned.

If you would have questions or would like to participate, please contact Shawn Marie Pelak at shawnmariepelak@gmail.com

Thank you for being a part of our Emerson community! We look forward to seeing you there!

This event is sponsored by the Emerson School Parent Organization (ESPO).
