

2023-2024 Health Forms

As we prepare to welcome your children back to school, there are a few items that we need from you. The State of Michigan requires Emerson to complete an Immunization Record Review for all new students, kindergarteners, and 7th graders. We report this information to the Washtenaw County Health Department through Michigan's Care Improvement Registry (MCIR.) If your child is newly enrolled, a kindergartner, or a 7th grader, you will need to submit a copy of a Health Appraisal form with current immunization records along with the MCIR Consent for Disclosure form by Friday, September 1. The State requires that Emerson verifies that these students are up to date on their immunizations before they can attend school. Below you will find links to the Health Appraisal form, the MCIR Consent for Disclosure, a pdf with information on immunizations required for school entry in Michigan, and information on the non-medical waiver process.

Additionally, we have updated our Medication Administration Forms. All students who will need to take medications while at school, both prescription and over-the-counter, will need to submit these forms:

- [Over-the-Counter Medication Form](#)

Finally, All Emerson athletes competing on interscholastic teams (not rec and ed) are required to submit a sports physical, showing that they have been cleared by a physician to participate in athletics. A physical examination must be completed on or after April 15, 2023, to be considered a valid physical for 2023-24. Pediatricians typically have these forms or you can use the link below.
